## Auckland

The 2018 New Zealand Census of Population and Dwellings was held on 6 March 2018.

This is the official count by Stats NZ of how many people and dwellings there are in New Zealand. It provides a snapshot of New Zealand on census day.

This information sheet provides an overview of initial results from the census for Auckland, and background information on the census.

### Population growth

At the 2018 Census there were 1,571,718 usual residents in Auckland, an increase of 156,168 people since the 2013 Census.

This represents a 11.0% increase between 2013 and 2018. Auckland's growth is very similar to that of New Zealand (10.8% increase).

Auckland represents 33.4% of the New Zealand population, unchanged from 33.4% at the 2013 Census.

**1,571,718**  
people in 2018

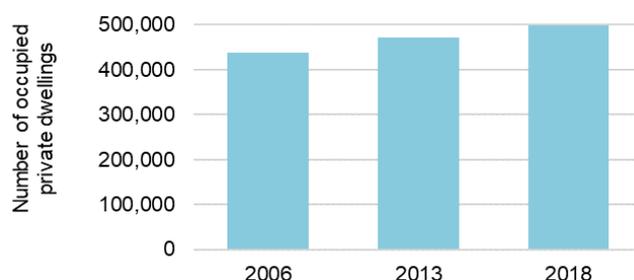

**+ 156,168** (11.0%)  
Since the 2013 Census

### Number of dwellings

The census captures the number of occupied and unoccupied private and non-private dwellings. Non-private dwellings will not be reported here. (They provide short or long-term communal or transitory type accommodation, e.g. communal staff quarters, hospitals and prisons).

At the 2018 Census, Auckland had a total of 498,789 occupied private dwellings, an increase of 26,745, or 5.7% from 2013. This represents slower growth compared to that of New Zealand (6.6% increase).

In addition, 39,393 unoccupied private dwellings were counted.

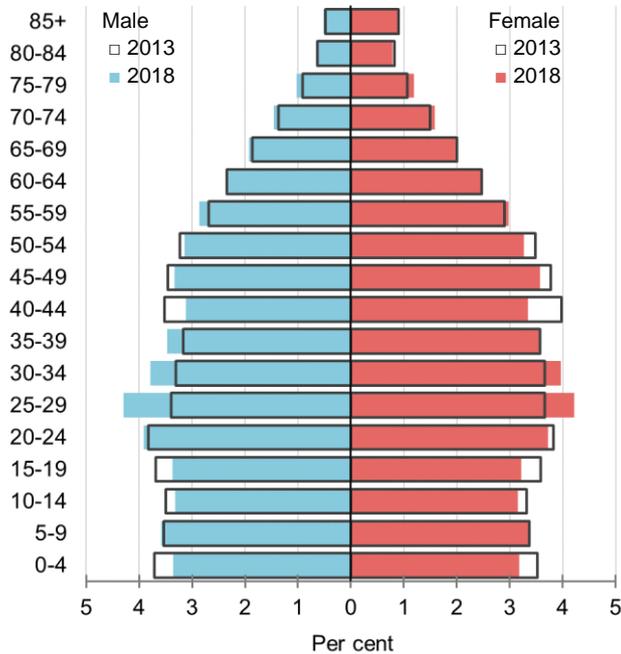

**498,789**  
dwellings in 2018

**+ 26,745** (5.7%)  
since the 2013 Census

## Auckland age structure

At the 2018 Census 20.0% of Auckland's population was under 15, compared to 19.6% of New Zealand.

12.0% were 65 or older, compared to 15.2% of New Zealand.

At the 2018 Census, the median age in Auckland was 34.7 years, compared with 37.4 years in New Zealand.

Age	Auckland		New Zealand
	Numbers	%	%
0-14	313,845	20.0	19.6
15-64	1,068,708	68.0	65.1
65+	189,177	12.0	15.2

## Data sources

In response to issues with the 2018 Census, Stats NZ has, for the first time, used administrative and other data to help fill gaps caused by response rates that were lower than anticipated. More information on data sources used by variable is available on the Stats NZ website.

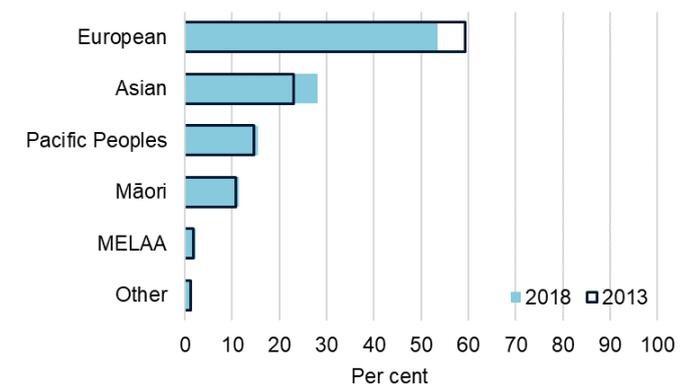

## Ethnic diversity

53.5% identified as European (compared to 70.2% New Zealand).

28.2% identified as Asian ethnicity (compared to 15.1% New Zealand).

15.5% identified as Pacific Peoples (compared to 8.1% New Zealand).

11.5% identified as Māori (compared to 16.5% in New Zealand). 181,194 Māori usually live in Auckland. This is an increase of 38,424 people, or 26.9%, since the 2013 Census.

MELAA refers to Middle Eastern, Latin American and African. People could choose more than one ethnicity and categories are not exclusive. Percentages will add to more than 100.

Auckland had a high growth in Asian population. Since the 2013 Census this ethnic group has increased by 135,444 people, or 44.1%.

**442,674**  
people identify as Asian in 2018  
**+ 135,444 (44.1%)**  
since the 2013 Census

# 2018 Census results

## Albert-Eden Local Board

The 2018 New Zealand Census of Population and Dwellings was held on 6 March 2018.

This is the official count by Stats NZ of how many people and dwellings there are in New Zealand. It provides a snapshot of New Zealand on census day.

This information sheet provides an overview of initial results from the census for Albert-Eden, and background information on the census.

## Population growth

At the 2018 Census there were 98,622 usual residents in Albert-Eden, an increase of 3,927 people since the 2013 Census.

This represents a 4.1% increase between 2013 and 2018. Albert-Eden has grown more slowly than wider Auckland (11.0% increase).

Albert-Eden represents 6.3% of the Auckland population, down slightly from 6.7% at the 2013 Census.

**98,622**  
people in 2018

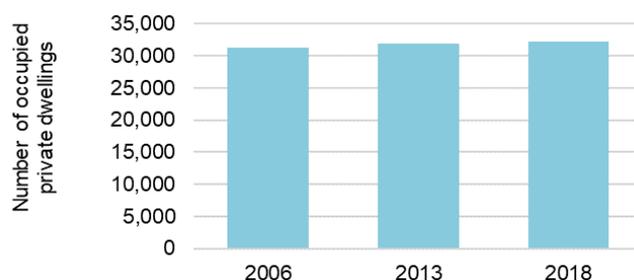

**+ 3,927** (4.1%)  
since the 2013 Census

## Number of dwellings

The census captures the number of occupied and unoccupied private and non-private dwellings. Non-private dwellings will not be reported here. (They provide short or long-term communal or transitory type accommodation, e.g. communal staff quarters, hospitals and prisons).

At the 2018 Census, Albert-Eden had a total of 32,142 occupied private dwellings, an increase of 180, or 0.6% from 2013. This represents slower growth compared to that of wider Auckland (5.7% increase).

In addition, 2,133 unoccupied private dwellings were counted.

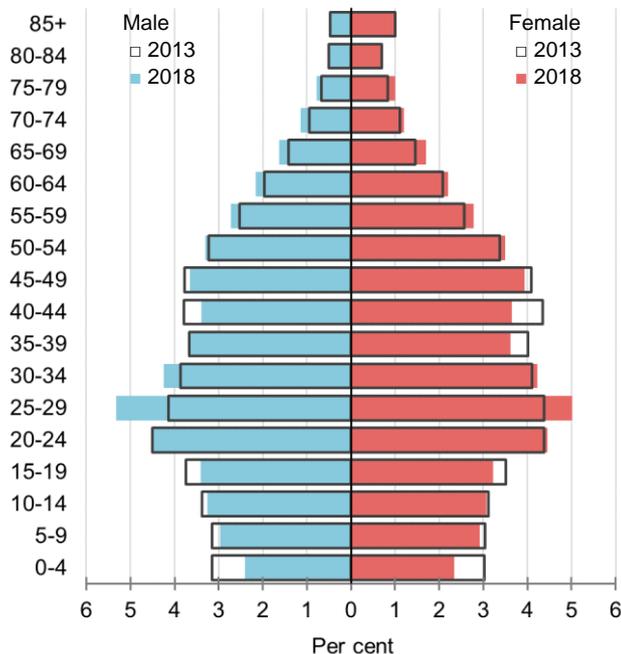

**32,142**  
dwellings in 2018

**+ 180** (0.6%)  
since the 2013 Census

## Albert-Eden age structure

At the 2018 Census 16.9% of Albert-Eden Local Board's population was under 15, compared to 20.0% of Auckland.

10.1% were 65 or older, compared to 12.0% of Auckland.

At the 2018 Census, the median age in Albert-Eden was 34.2 years, compared with 34.7 years in Auckland.

Age	Albert-Eden		Auckland
	Numbers	%	%
0-14	16,707	16.9	20.0
15-64	71,970	73.0	68.0
65 +	9,945	10.1	12.0

## Data sources

In response to issues with the 2018 Census, Stats NZ has, for the first time, used administrative and other data to help fill gaps caused by response rates that were lower than anticipated. More information on data sources used by variable is available on the Stats NZ website.

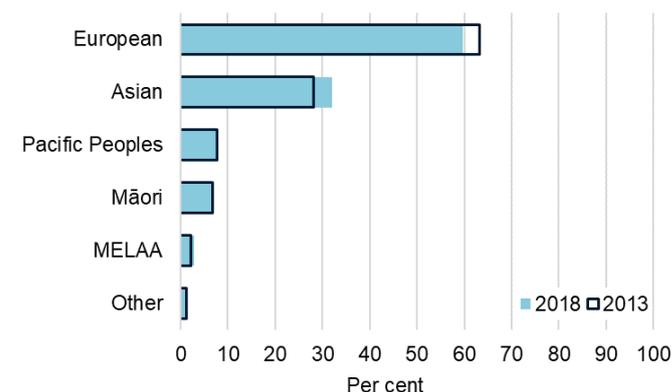

## Ethnic diversity

59.7% identified as European (compared to 53.5% Auckland).

32.0% identified as Asian ethnicity (compared to 28.2% Auckland).

7.1% identified as Māori (compared to 11.5% Auckland). 7,005 Māori usually live in Albert-Eden. This is an increase of 894 people, or 14.6%, since the 2013 Census.

7.8% identified as Pacific Peoples (compared to 15.5% Auckland).

Albert-Eden had a high growth in Asian population. Since the 2013 Census this ethnic group has increased by 6,249 people, or 24.7%.

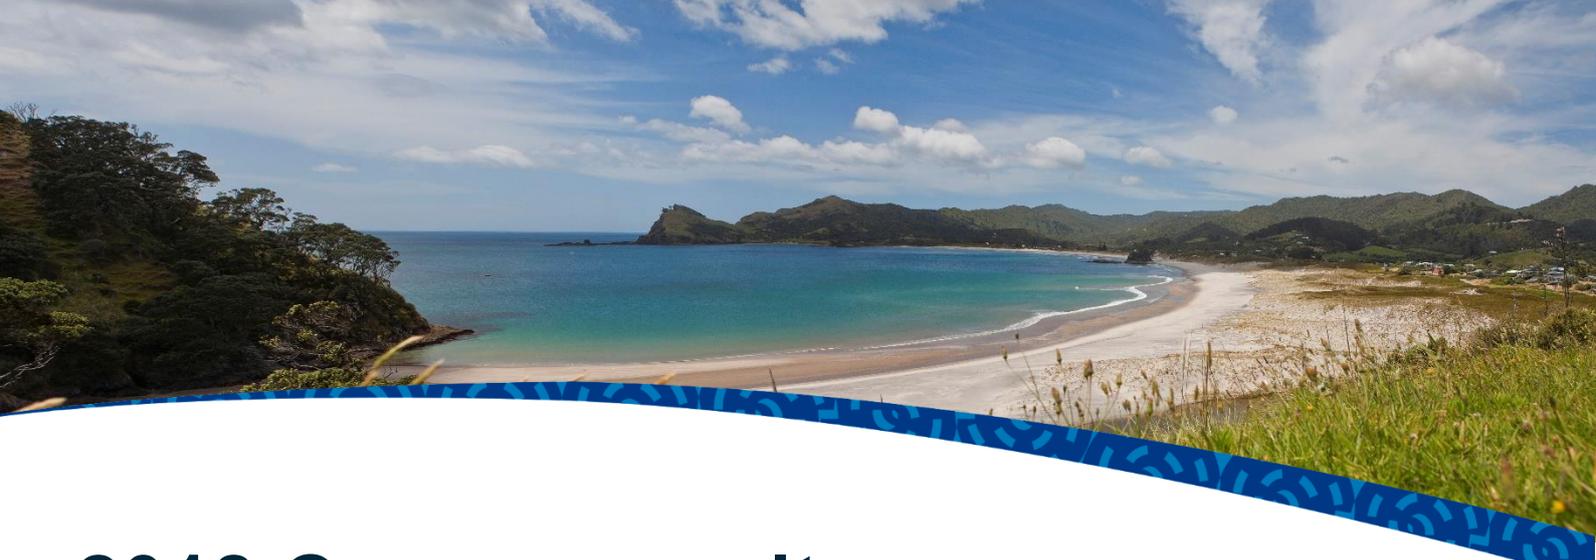

**31,524**  
people identify as Asian in 2018

**+ 6,249 (24.7%)**  
since the 2013 Census

# 2018 Census results

## Aotea / Great Barrier Local Board

The 2018 New Zealand Census of Population and Dwellings was held on 6 March 2018.

This is the official count by Stats NZ of how many people and dwellings there are in New Zealand. It provides a snapshot of New Zealand on census day.

This information sheet provides an overview of initial results from the census for Aotea / Great Barrier, and background information on the census.

### Population growth

At the 2018 Census there were 936 usual residents in Aotea / Great Barrier, essentially unchanged since the 2013 Census\*.

Aotea / Great Barrier is the only Auckland local board that has not seen population growth between 2013 to 2018.

Aotea / Great Barrier represents 0.1% of the Auckland population, unchanged from 0.1% at the 2013 Census.

**936**  
people in 2018

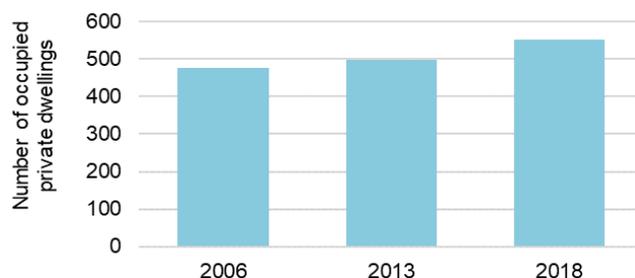

**No change**  
since the 2013 Census

### Number of dwellings

The census captures the number of occupied and unoccupied private and non-private dwellings. Non-private dwellings will not be reported here. (They provide short or long-term communal or transitory type accommodation, e.g. communal staff quarters, hospitals and prisons).

At the 2018 Census, Aotea / Great Barrier had a total of 552 occupied private dwellings, an increase of 54, or 10.8% from 2013. This represents faster growth compared to that of wider Auckland (5.7% increase).

In addition, 573 unoccupied private dwellings were counted.

**552**  
dwellings in 2018

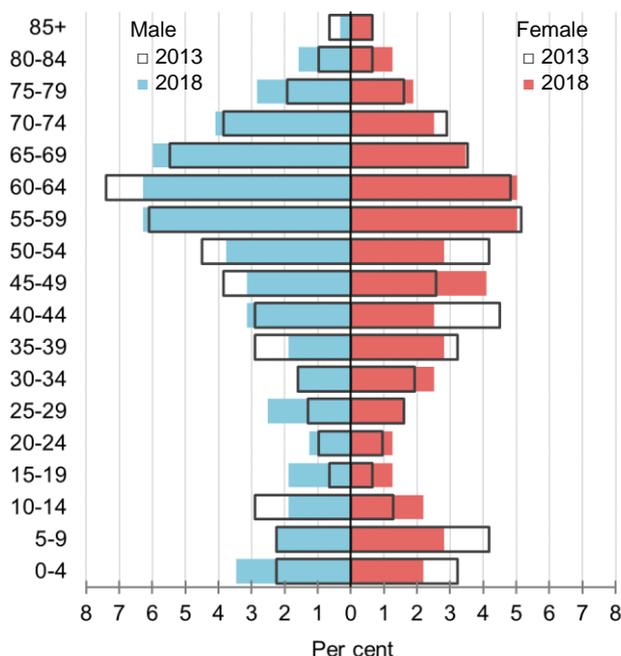

**+ 54 (10.8%)**  
since the 2013 Census

\* Due to Stats NZ rounding procedures, the difference in the population figures from 939 to 936 people does not necessarily indicate a real change.

## Aotea / Great Barrier age structure

At the 2018 Census 14.8% of Aotea / Great Barrier Local Board's population was under 15, compared to 20.0% of Auckland.

24.5% were 65 or older, compared to 12.0% of Auckland

At the 2018 Census, the median age in Aotea / Great Barrier was 52.9 years, compared with 34.7 years in Auckland.

Age	Aotea/Great Barrier		Auckland
	Numbers	%	%
0-14	141	14.8%	20.0
15-64	579	60.7%	68.0
65+	234	24.5%	12.0

## Data sources

In response to issues with the 2018 Census, Stats NZ has, for the first time, used administrative and other data to help fill gaps caused by response rates that were lower than anticipated. More information on data sources used by variable is available on the Stats NZ website.

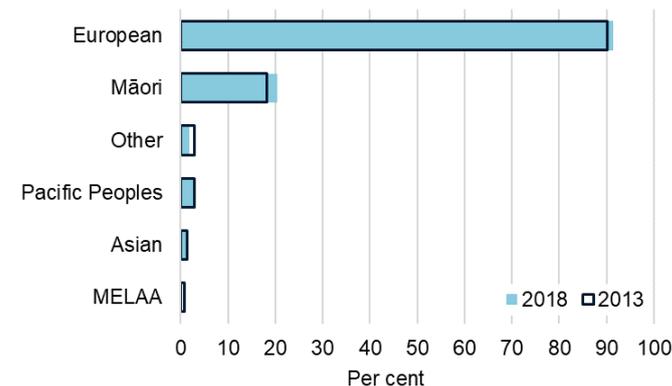

## Ethnic diversity

91.3% identified as European (compared to 53.5% Auckland).

20.5% identified as Māori (compared to 11.5% Auckland).

2.6% identified as Pacific Peoples (compared to 15.5% Auckland).

1.6% identified as Asian ethnicity (compared to 28.2% Auckland).

MELAA refers to Middle Eastern, Latin American and African. People could choose more than one ethnicity and categories are not exclusive. Percentages will add to more than 100.

Aotea / Great Barrier had a moderately high growth in Māori population. Since the 2013 Census this ethnic group has increased by 42 people, or 28.0%.

**192**  
people identify as Māori in 2018  
**+ 42 (28.0%)**  
since the 2013 Census

## Auckland City Centre

The 2018 New Zealand Census of Population and Dwellings was held on 6 March 2018.

This is the official count by Stats NZ of how many people and dwellings there are in New Zealand. It provides a snapshot of New Zealand on census day.

This information sheet provides an overview of initial results from the census for the Auckland city centre, and background information on the census.

In this profile, the City Centre is defined by the blue boundary shown in the map below\*. This differs from the area used in RIMU's 2013 Census report series which was based on Stats NZ geographic boundaries no longer in use.

## Population growth

At the 2018 Census there were 33,222 usual residents in the city centre, an increase of 3,516 people since the 2013 Census.

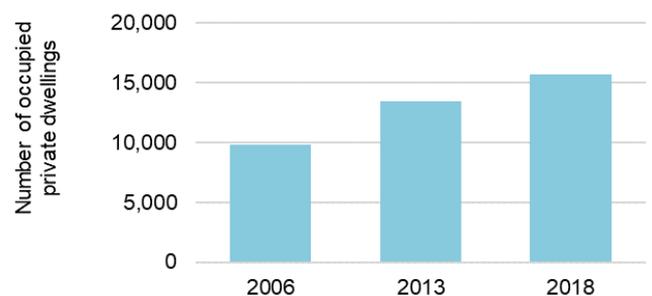

This represents an 11.8% increase between 2013 and 2018.

The city centre represents 2.1% of the Auckland population, unchanged from 2.1% at the 2013 Census.

## Number of dwellings

The census captures the number of occupied and unoccupied private and non-private dwellings. Non-private dwellings will not be reported here. (They provide short or long-term communal or transitory type accommodation, e.g. communal staff quarters, hospitals and prisons).

At the 2018 Census, the city centre had a total of 15,702 occupied private dwellings, an increase of 2,241 from 2013. In addition, 2,205 unoccupied private dwellings were counted, down 5.4% from 2013.

**33,222**  
people in 2018  
**+ 3,516** (11.8%)  
since the 2013 Census

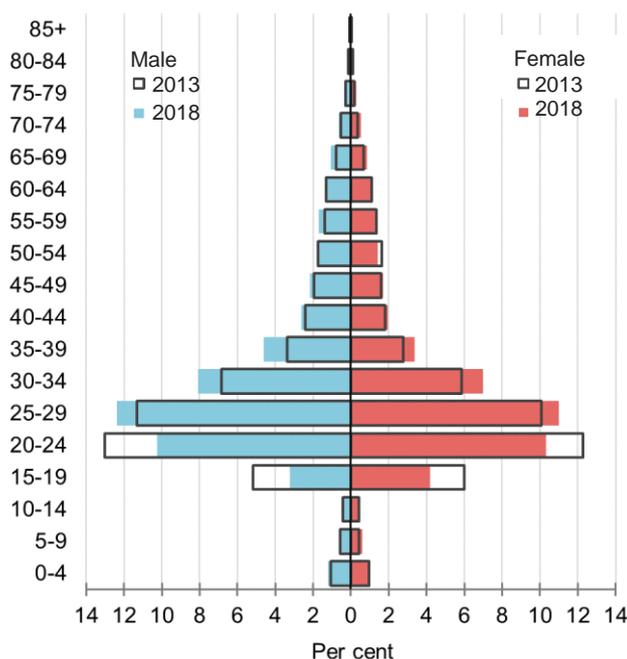

**15,702**  
dwellings in 2018  
**+ 2,241** (16.6%)  
since the 2013 Census

## City Centre age structure

At the 2018 Census 4.3% of the city centre's population was under 15, compared to 20.0% of Auckland.

4.2% were 65 or older, compared to 12.0% of Auckland.

At the 2018 Census, the approximate median age in the city centre was 29.1\*\* years, compared with 34.7 years in Auckland.

Age	City centre		Auckland
	Numbers	%	%
0-14	1,419	4.3	20.0
15-64	30,396	91.6	68.0
65+	1,386	4.2	12.0

## Data sources

In response to issues with the 2018 Census, Stats NZ has, for the first time, used administrative and other data to help fill gaps caused by response rates that were lower than anticipated. More information on data sources used by variable is available on the Stats NZ website.

\* The City Centre is defined as the aggregate of 16 'SA2' areas: Anzac Avenue, Auckland-University, Hobson Ridge Central, Hobson Ridge North, Hobson Ridge South, Karangahape, Quay Street-Customs Street, Queen Street, Queen Street South West, Shortland Street, Symonds Street East, Symonds Street North West, Symonds Street West, The Strand, Victoria Park, and Wynyard-Viaduct.

\*\* The city centre median age is a population-weighted average of the median age of each comprising SA2.

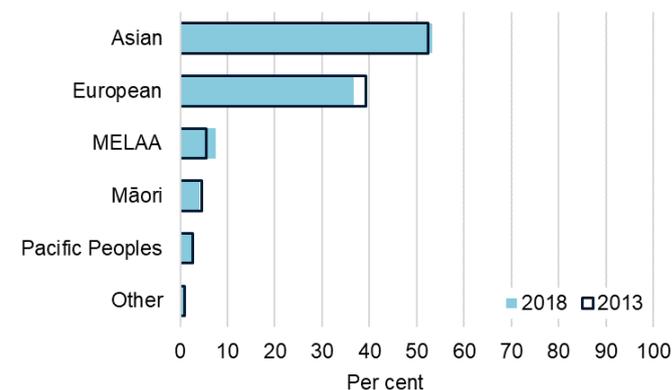

## Ethnic diversity

53.2 % identified Asian ethnicity (compared to 28.2% Auckland)

36.6% identified as European (compared to 53.5% Auckland).

4.1% identified as Māori (compared to 11.5% Auckland). 1,353 Māori usually live in the city centre. This is an increase of 120 people, or 9.7%, since the 2013 Census.

2.8% identified as Pacific Peoples (compared to 15.5% Auckland)

MELAA refers to Middle Eastern, Latin American and African. People could choose more than one ethnicity and categories are not exclusive. Percentages will add to more than 100.

The city centre had a moderate growth in Asian population. Since the 2013 Census this ethnic group has increased by 3,684 people, or 26.3%.

**17,682**  
people identify as Asian in 2018  
**+ 3,684 (26.3%)**  
since the 2013 Census

## The Western Initiative

The 2018 New Zealand Census of Population and Dwellings was held on 6 March 2018.

This is the official count by Stats NZ of how many people and dwellings there are in New Zealand. It provides a snapshot of New Zealand on census day.

This information sheet provides an overview of initial results from the census for The Western Initiative, and background information on the census. The Western Initiative covers the local board areas of Henderson-Massey, Waitākere Ranges and Whau.

## Population growth

At the 2018 Census there were 249,873 usual residents in The Western Initiative area, an increase of 21,195 people since the 2013 Census.

This represents a 9.3% increase between 2013 and 2018. The Western Initiative has grown more slowly than wider Auckland (11.0% increase).

The Western Initiative represents 15.9% of the Auckland population, down slightly from 16.2% at the 2013 Census.

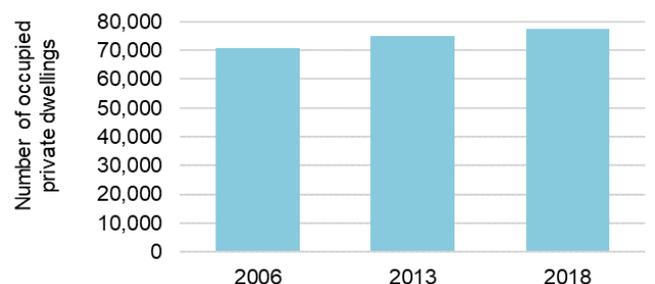

**249,873**  
people in 2018  
**+ 21,195** (9.3%)  
since the 2013 Census

## Number of dwellings

The census captures the number of occupied and unoccupied private and non-private dwellings. Non-private dwellings will not be reported here. (They provide short or long-term communal or transitory type accommodation, e.g. communal staff quarters, hospitals and prisons).

At the 2018 Census, The Western Initiative had a total of 77,589 occupied private dwellings, an increase of 2,409 or 3.2% from 2013. This represents slow growth compared to that of wider Auckland (5.7% increase).

In addition, 4,650 unoccupied private dwellings were counted.

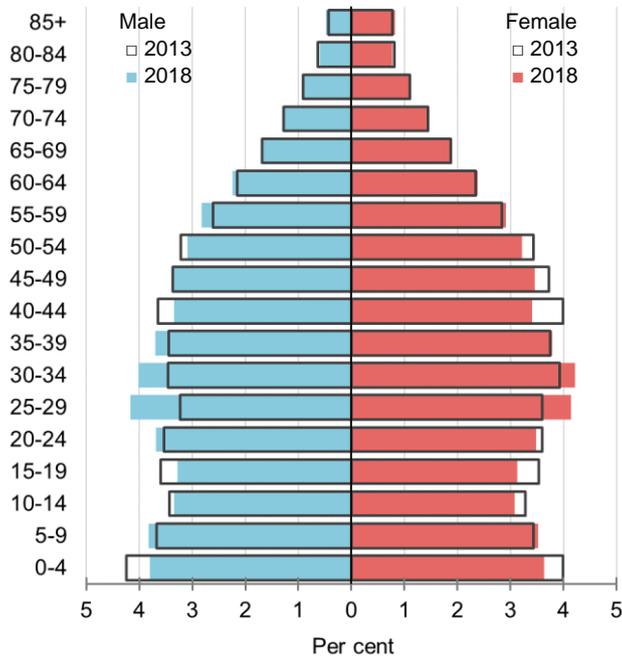

**77,589**  
dwellings in 2018  
**+ 2,409** (3.2%)  
since the 2013 Census

## The Western Initiative age structure

At the 2018 Census 21.2% of The Western Initiative's population was under 15, compared to 20.0% of Auckland.

10.9% were 65 or older, compared to 12.0% of Auckland.

At the 2018 Census, the approximate median age in The Western Initiative was 34.3\* years, compared with 34.7 years in Auckland.

Age	The Western Initiative		Auckland
	Numbers	%	%
0-14	53,004	21.2	20.0
15-64	169,509	67.8	68.0
65+	27,357	10.9	12.0

\* The TWI median age is a population-weighted average of the median age of each comprising local board.

## Data sources

In response to issues with the 2018 Census, Stats NZ has, for the first time, used administrative and other data to help fill gaps caused by response rates that were lower than anticipated. More information on data sources used by variable is available on the Stats NZ website.

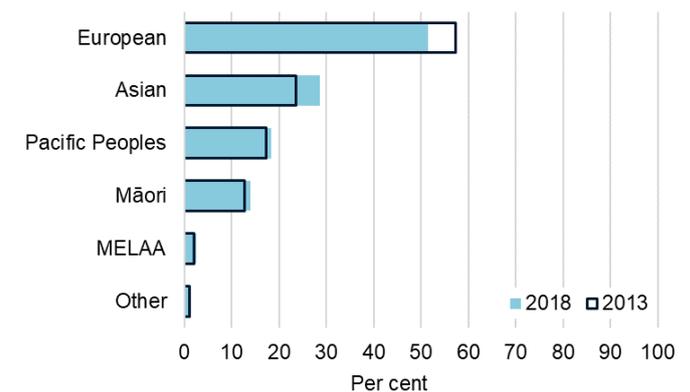

## Ethnic diversity

51.4% identified as European (compared to 53.5% Auckland).

28.7% identify as Asian ethnicity (compared to 28.2% Auckland).

18.3% identify as Pacific Peoples (compared to 15.5% Auckland).

13.9% identify as Māori (compared to 11.5% Auckland). 34,785 Māori usually live in The Western Initiative area. This is an increase of 7,389 people, or 27.0%, since the 2013 Census.

MELAA refers to Middle Eastern, Latin American and African. People could choose more than one ethnicity and categories are not exclusive. Percentages will add to more than 100.

The Western Initiative had a high growth in Asian population. Since the 2013 Census this ethnic group has increased by 21,363 people, or 42.4%.

**71,757**  
people identify as Asian in 2018  
**+ 21,363** (42.4%)
